# EJC-2022-Lecture-01 

Number of participants: 32
(1) 1. I am a

| master student | $14 \%$ | 3 votes |
| :--- | :---: | ---: |
| PhD student | $57 \%$ | 12 votes |
| postdoc | $14 \%$ | 3 votes |
| researcher/professor | $14 \%$ | 3 votes |
| other |  | $0 \%$ |

(1) 2. I have a master degree in

23 participants

| Astronomy/Astrophysics | 9\% | 2 votes |
| :---: | :---: | :---: |
| Physics | 78\% | 18 votes |
| Mathematics | 0\% | 0 votes |
| I didn't finish my master yet! | 13\% | 3 votes |
| Other | 0\% | 0 votes |

3. Describe your main field of research in two/three words (e.g., nuclear physics, nuclear astrophysics, numerical modelling, ...)
4. 4. Are you familiar with neutron stars and their main properties?

Yes
$63 \%$

2 votes

8 votes

## (1) 5. Are you familiar with gravitational waves and their main properties?

| Yes | 44\% | 11 votes |
| :---: | :---: | :---: |
| No | 32\% | 8 votes |
| Maybe... | 24\% | 6 votes |
